

Advanced manufacturing

Australia has a thriving, high quality and sustainable manufacturing sector with an annual output of A\$107 billion. We're embracing bold changes to fuel greater opportunities to help us grow and expand into new markets.

We're helping businesses scale up and invest in new technologies across the manufacturing sector.

Under the A\$1.5 billion **Modern Manufacturing Strategy** substantial grants and incentives are on offer to assist businesses improve their competitiveness and build more resilient supply chains.

On average, Australian manufacturing exports grew by **3.3%** per year over the past 5 years

Government invests around **A\$9.6B** in R&D each year

#5 in OECD for business innovation

44% of workers, approximately, are tertiary qualified

TOP 10 globally for availability of skilled labour

GLOBAL BUSINESS & TALENT
ATTRACTION TASKFORCE

AUSTRALIA

The Taskforce is offering:

- Fast track visas
- Facilitated relocation of company executives, key staff and their families
- The certainty of permanent residency
- Tailored advice to help kick start your Australian success
- Connections to industry and professional networks

Incentives and government grants

The **\$1.3 billion Modern Manufacturing Initiative (MMI)** will drive lasting change. It will help Australian manufacturers scale, collaborate and commercialise. It provides co-funding for large manufacturing projects through three targeted streams:

- The Manufacturing Collaboration Stream will provide up to one third of funding for very large projects that support business-to-business and business-to-research collaboration, to build economies of scale.
- The Manufacturing Translation Stream will help manufacturers translate good ideas into commercial outcomes and invest in non-R&D innovation (up to 50% of eligible project costs).
- The Manufacturing Integration Stream will help manufacturers integrate into local and international supply chains and markets (up to 50% of eligible project costs).
