## Cyber security

The scale and sophistication of cyber attacks is increasing. And they're becoming harder to detect.

Demand for cyber security products and services is growing. Australia's appetite for cyber solutions is expected to **drive local sales to A\$7.6 billion** by 2024.

Australian expertise, backed by the **A\$1.7 billion Cyber Security Strategy** is creating a more secure online world.

Our cyber security industry has a reputation for creating world-class products that seamlessly integrate into existing systems and platforms.

Australian expertise includes:

- secure mobility solutions
- quantum encryption
- AI-driven deception
- IoT security, and
- cloud security.
