

GLOBAL BUSINESS & TALENT
ATTRACTION TASKFORCE

AUSTRALIA

Support and incentives

- Direct funding, grants, tax offsets and research programs
- Claim depreciation of intangible assets such as IP, patents and in-house software
- Games developers are eligible for a **30% tax offset**

Data science and digital technologies

Australia is an ideal testbed for new products and inventions. We're a nation of early digital adopters and avid users of technology, with a skilled, diverse talent pool and a growing venture capital ecosystem.

Australia has a track record of success in:

- fintech
- blockchain
- artificial intelligence
- digital health and medtech
- enterprise solutions
- cyber security
- immersive media
- quantum computing, and
- advanced autonomous systems

There's a plan

The **A\$1.2 billion Digital Economy Strategy** is a roadmap for building our capabilities in emerging technologies. It's boosting significant private sector commitment that will scale up our artificial intelligence capabilities, build digital skills and strengthen cyber security.

Australia is startup friendly. You'll join a rich ecosystem of accelerators and incubators. Our world leading research centres include:

- our national science agency, the CSIRO
- RMIT's Blockchain Innovation Hub in Melbourne
- The University of Adelaide's Australian Institute for Machine Learning
- The ARC Centre of Excellence for Quantum Computation and Communication Technology at the University of NSW

- The University of Queensland's ARC Industry Transformation Training Centre for Information Resilience and Responsible Data Science
- The University of Sydney's Nano Institute, Sydney Nanoscience Hub, and Australian Centre for Field Robotics, and
- The University of Technology Sydney's Centre for Artificial Intelligence.

The Taskforce is offering:

- Fast track visas
- Facilitated relocation of company executive, key staff and their families
- The certainty of permanent residency
- Tailored advice to help kick start your Australian success
- Connections to industry and professional networks
